### **VOTING SECURITIES; PROXIES; REQUIRED VOTE**

**Voting Securities** — The Board of Directors fixed the close of business on March 27, 2008, as the Record Date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting or any adjournments thereof. As of the March 27, 2008 Record Date, the Company had outstanding 65,673,701 shares of Class A Common Stock, par value \$.01 per share (“Common Stock”). Holders of Common Stock are entitled to one vote per share.

**Proxies** — The Board of Directors of the Company selected Anders Gustafsson and Noel Elfant to serve as proxies for the Annual Meeting. Mr. Gustafsson is a director and the Chief Executive Officer of the Company. Mr. Elfant is Vice President, General Counsel and Secretary of the Company. Most stockholders have a choice of voting over the Internet, by using a toll-free telephone number or by completing a proxy card and mailing it in the postage-paid envelope provided. Please check your proxy card or the information forwarded by your bank, broker or other holder of record to see which options are available to you. Please be aware that if you vote over the Internet, you may incur costs such as telecommunication and Internet access charges for which you will be responsible. The Internet and telephone voting facilities for stockholders of record will close at 11:59 p.m., Eastern Time, on May 21, 2008. The Internet and telephone voting procedures have been designed to authenticate stockholders by use of a control number and to allow you to vote your shares and to confirm that your instructions have been properly recorded. Each executed and returned proxy card will be voted in accordance with the directions indicated thereon, or if no direction is indicated, such proxy will be voted in accordance with the recommendations of the Board of Directors contained in this Proxy Statement. Each stockholder giving a proxy (by executing the proxy card, over the Internet or by telephone) has the power to revoke it at any time before the shares it represents are voted. Revocation of a proxy is effective upon receipt by the Secretary of the Company of either (1) an instrument revoking the proxy or (2) a proxy bearing a later date or time (which can be done by mail, over the Internet or by telephone). Additionally, a stockholder may change or revoke a previous proxy by voting in person at the Annual Meeting.

**Required Vote** — At the Annual Meeting, (1) a plurality of the votes cast in person or by proxy is required to elect directors; and (2) the affirmative vote of holders of a majority of the votes cast affirmatively or negatively, in person or by proxy, is required to approve Proposal 2. Stockholders are not allowed to cumulate their votes in the election of directors.

The required quorum for the transaction of business at the Annual Meeting will be a majority of the shares of Common Stock issued and outstanding on the Record Date. Abstentions and broker non-votes will be included in determining the presence of a quorum. In counting votes on the election of directors for which a plurality of votes cast is required, only votes “for” or “withheld” will be considered. Broker non-votes and other shares not voted will be treated as not voted in the election of directors. In counting votes on the ratification of the appointment of Ernst & Young LLP and on any other matter voted upon, a majority of votes is required, and broker non-votes and other shares not voted will not be counted as voted.

### **PROPOSAL 1 ELECTION OF DIRECTORS**

The Board of Directors presently consists of seven directors, four of whom are independent under The NASDAQ Stock Market listing requirements, and two of whom are currently executive officers of the Company. Of the nominees for election as director, Mr. Gustafsson currently serves as a director of the Company and Mr. Ludwick is a new nominee. Messrs. Kaplan and Knowles will be retiring from the Board of Directors at the Annual Meeting, after which the Board of Directors will consist of six members if both nominees are elected.

If at the time of the Annual Meeting any of the nominees is unable or declines to serve, the persons named in the proxy will, at the direction of the Board of Directors, either vote for the substitute nominee or nominees that the Board of Directors recommends or vote to allow the vacancy created thereby to remain open until filled by the Board of Directors. The Board of Directors has no reason to believe that any nominee will be unable or will decline to serve as a director if elected.

**Nominees for Election as Directors** — The Company has a Board of Directors that is divided into three separate classes, with one class being elected each year to serve a staggered three-year term. The terms of the Class III Directors expire at this Annual Meeting, and two directors will be elected at the Annual Meeting to serve as Class III Directors for a three-year term expiring at the Annual Meeting in 2011 or until their successors are duly elected and qualified. For the Annual Meeting, the Board of Directors has proposed the following nominees for election based on a recommendation by the Nominating Committee: Anders Gustafsson and Andrew K. Ludwick.

In connection with his agreement to be nominated, if he is elected as a director, the Company will grant Mr. Ludwick (i) a stock option to purchase 18,000 shares of the Company’s Common Stock, which will vest in equal portions on each of the first four anniversaries of the grant date as long as Mr. Ludwick remains a director at that time, and (ii) an annual stock option to purchase 6,000 shares of the Company’s Common Stock that will vest in full on the first anniversary of the grant date as long as Mr. Ludwick remains a director at that time. The stock option grant to purchase 6,000 shares is intended to constitute a grant for the number of shares equal to the number of shares of each current non-employee director’s previously granted stock option and stock option to be granted in 2008, that will vest in 2009.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE ELECTION OF ANDERS GUSTAFSSON AND ANDREW K. LUDWICK TO SERVE AS DIRECTORS OF THE COMPANY.**

## CORPORATE GOVERNANCE

**Board and Committee Meetings in 2007** — The Board of Directors (the “Board”) met fourteen times during 2007. Each director attended at least 75% or more of the total number of meetings of the Board of Directors and the total number of meetings of the Board committees on which he served during 2007. As a general matter, Board members are expected to attend the Company’s annual meetings. All of the directors attended last year’s annual meeting.

**Board of Directors Committees** — The Board of Directors has three standing committees composed entirely of independent directors, namely, the Nominating, Compensation and Audit Committees, as further described below. Charters for these Committees and the Board’s Corporate Governance Guidelines are available on the investor page of Zebra’s website at [www.zebra.com](http://www.zebra.com). The Corporate Governance Guidelines address the Board’s composition, qualifications and functions, director education, minimum required stock ownership by directors, and management succession. Please note that the information on the Zebra website is not incorporated by reference in this Proxy Statement.

The Board of Directors has determined that each of Messrs. Knowles, Manire, Potter and Smith is a non-employee director who meets the applicable independence requirements of the NASDAQ Marketplace Rules (“NASDAQ independence requirements”) and that, if elected, Mr. Ludwick will be a non-employee director who meets the NASDAQ independence requirements. The table below shows the current membership of each of the Board’s standing committees:

<u>Independent Director</u>	<u>Nominating</u>	<u>Compensation</u>	<u>Audit</u>
Knowles	Chair	Member	Member
Manire	Member		Member
Potter		Chair	
Smith	Member		Chair

Nominating Committee. The Nominating Committee is comprised of Messrs. Knowles, Chair, Manire (effective February 25, 2008), and Smith. In accordance with the listing requirements of The NASDAQ Stock Market, the Nominating Committee determines nominees for election to the Board of Directors. This Committee met five times in 2007.

The Nominating Committee believes that candidates for Board membership must exhibit certain minimum characteristics: good business judgment and an even temperament, high ethical standards, and a healthy view of the relative responsibilities of a board member and management. Board members shall be independent thinkers, articulate and intelligent. The Nominating Committee’s Charter sets forth additional criteria that the Committee considers important, including experience as a board member of another publicly traded company, experience in industries or with technologies relevant to the Company, accounting or financial reporting experience, or such other professional experience as the Committee shall determine shall qualify an individual for Board service.

In selecting candidates and approving nominees for open Board positions, the Nominating Committee will make every effort to ensure that the Board and its committees include at least the minimum number of independent directors, as that term is defined and as may be required by the Sarbanes-Oxley Act of 2002 (“Sarbanes-Oxley”) and applicable standards promulgated by The NASDAQ Stock Market or the Securities and Exchange Commission (“SEC”), and any other applicable requirements.

In addition, the Nominating Committee shall make every reasonable effort to ensure that at least one director be a financial expert, as that term is defined by Sarbanes-Oxley and applicable standards promulgated by The NASDAQ Stock Market and the SEC.

The Company’s policy is not to discriminate on the basis of race, gender or ethnicity. The Nominating Committee is supportive of any qualified candidate who would also provide the Board with more diversity.

The Nominating Committee will consider candidates for the Board from any reasonable source, including stockholder recommendations. The Nominating Committee does not evaluate proposed candidates differently based

on the source of the proposal. Stockholders who wish to suggest qualified candidates should provide notice of such recommended candidate to the Secretary of Zebra, at Zebra's headquarters address. These recommendations should include detailed biographical information concerning the nominee, his or her qualifications to become a member of the Board, and a description of any relationship the nominee has to the stockholder making the recommendation or to other stockholders of the Company. A written statement from the candidate consenting to be named as a candidate and, if nominated and elected, to serve as a director, subject to the candidate's due diligence of Zebra, should accompany any such recommendation. Stockholders who wish to nominate a director for election at an annual meeting of stockholders of the Company must comply with the Company's By-Laws regarding stockholder proposals and nominations.

The Nominating Committee has the authority under its charter to hire and pay a fee to consultants or search firms to assist in the process of identifying and evaluating candidates. In recommending Mr. Ludwick for nomination to the Board of Directors, the Nominating Committee followed the above-described process and engaged a recognized third-party search firm to identify for consideration potential candidates based on the minimum characteristics and criteria set forth above. Mr. Ludwick was first identified to the Nominating Committee by this search firm.

Compensation Committee. The Compensation Committee is comprised of Dr. Potter, Chair, and Mr. Knowles. The Compensation Committee determines the compensation of the Chief Executive Officer and all other executive officers of the Company. The Compensation Committee also administers the 2006 Zebra Technologies Corporation Incentive Compensation Plan and its predecessor, the 1997 Stock Option Plan, and determines the timing, terms and number of awards granted pursuant to the 2006 Zebra Technologies Corporation Incentive Compensation Plan and its predecessor. This Committee met thirteen times in 2007.

Audit Committee. The Audit Committee is established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934 and is comprised of Messrs. Smith, Chair, Knowles, and Manire. These three directors are independent in accordance with NASDAQ independence requirements, including the additional independence requirements applicable to Audit Committee members. This Committee met five times during 2007. The Board determined that Mr. Manire is an audit committee financial expert.

Other Committees. The Board established two additional committees in 2007: the Facilities Committee and the Search Committee. Each Committee was comprised of the Company's four independent directors. The Facilities Committee's purpose was to evaluate the Company's options with respect to its Vernon Hills facility in consideration of the facility's landlord's declared intention to sell such facility, as further described below in "Certain Relationships and Related Transactions." The Search Committee's purpose was to identify and select a new chief executive officer to replace Mr. Kaplan. Both committees were terminated in 2007 after the completion of the purposes for which they were created.

**Contacting the Board of Directors** — Any stockholder who would like to contact members of the Board of Directors may do so by writing to the Office of the Secretary, Zebra Technologies Corporation, 333 Corporate Woods Parkway, Vernon Hills, Illinois 60061. Communications received in writing will be distributed to the Chairman or the other members of the Board, as appropriate, depending on the facts and circumstances outlined in the communication received.

## **DIRECTOR COMPENSATION**

For 2007, the Company paid each of its independent directors an annual retainer, which was paid on a quarterly basis. Other than for the independent director that served as Chairman of the Board, the retainer for each independent director was \$6,250 per quarter. The Company also paid its non-Chairman independent directors the following fees: \$1,500 for each Board meeting; \$1,000 for each Committee meeting that occurred on the day of a Board meeting; and \$1,500 for each Committee meeting that did not occur on the day of a Board meeting. The Chairs of the Audit, Compensation, Facilities and Search Committees each received an additional \$500 per Committee meeting. Upon Mr. Smith becoming Chairman of the Board on September 4, 2007, his annual retainer was increased to \$30,000 per quarter and he continues to receive his regular fees for attending and chairing each Audit Committee meeting. The meeting fees described above were paid for meetings attended in person or by telephone.

The Company also made a one-time payment to each of the independent directors for their service on the Search Committee. Each independent director received \$75,000 for such service, except that Mr. Knowles, as Chair of the Search Committee, received \$150,000.

Pursuant to a March 2007 amendment to the Company's 2005 Executive Deferred Compensation Plan, independent directors may now participate in such plan and elect to defer a portion of their compensation. Such plan is described below in "Non-Qualified Deferred Compensation." Of the independent directors, only Mr. Smith deferred any compensation for 2007.

**Section 16(a) Beneficial Ownership Reporting Compliance** — Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's officers and directors and persons who own more than ten percent of a registered class of the Company's equity securities to file forms regarding their ownership and changes in ownership with the Securities and Exchange Commission (the "SEC") and The NASDAQ Stock Market. Such persons are also required to furnish the Company with copies of all Section 16(a) forms they file. Based solely on a review of the forms it has received, the Company believes that except as follows, during the year ended December 31, 2007, all of its officers, directors and 10% beneficial owners made required Section 16(a) filings on a timely basis. During 2007, Messrs. Each transaction was reported on a Form 4 which was filed late. In addition, Mr. Gagnier filed a Form 5 to report the acquisition of shares in 2004 pursuant to the Company's employee stock purchase plan.

## **COMPENSATION COMMITTEE REPORT**

The Compensation Committee is comprised of two directors: Dr. Potter, Chair, and Mr. Knowles, each of whom is independent under current listing requirements of The NASDAQ Stock Market. The Compensation Committee establishes compensation policies and programs for the Company's executive officers. It operates under a written charter adopted by the Board. The Compensation Committee has reviewed and discussed with management the "Compensation Discussion and Analysis" ("CD&A") set forth below and based on its review and discussion with management has recommended to the Company's Board of Directors that the CD&A be included in this Proxy Statement and in the Company's annual report on Form 10-K for the year ended December 31, 2007.

## **COMPENSATION DISCUSSION AND ANALYSIS**

### **Committee Role**

The Compensation Committee (the "Committee") described above in "Compensation Committee Report" establishes the Company's compensation philosophy for all compensation (including equity compensation), compensation programs and the compensation for each executive officer, including the Chief Executive Officer (the "CEO") and the other "Named Officers." These Named Officers are the Company's (1) principal executive officers during 2007, (2) principal financial officer, and (3) three other most highly compensated executive officers (calculated in accordance with applicable SEC rules) serving at the end of 2007. The Company's Named Officers for 2007 were: Messrs. Anders Gustafsson (started as CEO on September 4, 2007), Edward L. Kaplan (retired as CEO on September 4, 2007), Charles R. Whitchurch, Hugh K. Gagnier, Philip Gerskovich and Michael H. Terzich.

The Committee may retain independent consultants or other third parties and may seek the input of members of the Company's management. Although it may have the authority to do so, it has not delegated its responsibility to perform its functions to any other party, including any member of the Committee or member of management.

## **Compensation Philosophy**

The Company's compensation programs are designed to reward executive officers for achieving individual, business unit and/or corporate performance goals, as further described below. In February 2008, the Committee formalized its compensation philosophy by adopting a Compensation, Benefits and Performance Management Philosophy (the "Compensation Philosophy"). The Compensation Philosophy, which applies to all employees of the Company, including the Named Officers, is summarized as follows:

*Importance of Compensation.* The Company's compensation of its employees supports the alignment of the Company's business strategy with enhanced shareholder value. The objectives of the Company's compensation, benefits, and performance management programs are to:

- Increase shareholder value through stock price growth and other financial measures,
- Encourage that employee actions balance short-term achievements with long-term success,
- Motivate behavior to attain the Company's objectives, and
- Attract, retain, and reward high performing employees who contribute to the Company's success.

*Competitive Compensation and Benefits.* The Company aligns its compensation and benefits programs with those of publicly-traded companies of similar size in the high-tech industry. Competitive information may be supplemented by data from surveys of general industry practices for similar size firms.

*Compensation Mix.* Certain compensation objectives are achieved through a pay-for-performance approach, inclusive of base salary, annual incentives, and long-term equity-based compensation targeted at the median of the market when target performance objectives are achieved, and targeted at superior pay when superior performance objectives are achieved. Actual pay will vary based upon the attainment of financial and individual performance objectives and experience levels.

*Purpose of Compensation Components.* The three principal components of the Company's compensation program are base salaries, annual cash bonuses, and long-term equity-based incentives. Each component of compensation serves a particular purpose.

Annual base salaries are intended to compensate an individual's performance of basic functions and responsibilities of the position and to recognize key skills and competencies of the individual. The Company's annual cash bonuses are designed to motivate and reward employees for achieving or surpassing targeted results in key performance measures at the Company, business unit, and individual level. In general, the Company establishes such performance targets at levels it considers challenging but achievable.

The Company grants its Named Officers and certain other employees long-term equity awards to reward successful creation of shareholder value and to motivate and retain top executive talent. The Company's equity compensation plan allows flexibility in balancing time vested and performance vested grants. Under the Compensation Philosophy, equity awards are approved by the Committee based upon pre-approved equity grant guidelines, with grant levels balancing market median award amounts with actual individual performance.

## **Compensation Components**

Consistent with prior years, the three principal components of the Company's compensation program for executive officers for 2007 consisted of base salaries, annual cash bonuses based on the achievement of financial performance measures and long-term equity-based incentive awards.

The Committee considered the historical aggregate compensation of each Named Officer and reviewed his compensation for 2007 on an aggregate basis. It determined that each compensation component serves particular objectives and, therefore, is considered independent of the other components. For 2007, the Committee determined each Named Officer's compensation components, but it did not allocate total compensation among such components or among any other forms of compensation based on a larger compensation policy.

In addition to the three principal compensation components referenced above, all Named Officers are eligible to participate in various employee benefit plans generally available to the Company's U.S. salaried employees. See "Participation in Employee Benefits" below.

## **Performance Evaluations**

In determining the Named Officers' compensation with respect to their salaries and option awards, one factor considered by the Committee is the Named Officers' respective individual performance evaluations. Individual performance criteria consist of a combination of objective and subjective personal goals.

Individual performance evaluations for Named Officers, other than the CEO, for their respective performances during 2007, were conducted in accordance with the Company's annual performance review process applicable to all salaried employees.

At the beginning of the year, Mr. Kaplan, as the CEO at that time and the supervisor of the other Named Officers (except Mr. Gustafsson, who succeeded Mr. Kaplan), consulted with each other Named Officer and established the Named Officer's individual performance goals for the year. Shortly after the year end, Mr. Gustafsson, as the CEO and the supervisor of the other Named Officers, evaluated each other Named Officer's actual performance as measured against such Named Officer's individual performance goals, taking into consideration various other factors such as the Named Officer's performance of daily responsibilities, advancement and support of strategic initiatives for the Company or a business unit, and particular or general contributions to the overall management of the Company. The evaluations of the Named Officers, other than the CEO, were conducted on a subjective basis without specific weighting of any particular factors. The evaluations of such Named Officers' actual individual performances relative to their pre-established performance goals were considered in conjunction with the many other factors discussed below, including experience levels, perceived potential, competitive compensation levels, general labor market conditions and the Company's overall salary budget, in adjusting such Named Officers' salaries or annual option awards. See "Base Salaries" and "Equity Awards," below. At the beginning of 2008, Mr. Gustafsson, as the CEO and the supervisor of the other Named Officers consulted with each other Named Officer and established the Named Officer's individual performance goals for the year.

The CEO's performance is evaluated by the full Board of Directors ("Board") primarily on the basis of its subjective assessment of the Company's overall effectiveness in executing its business strategies and delivering desired levels of financial performance and shareholder total return, but without specific weighting of any particular factors. In determining Named Officers' compensation levels, the Committee feels that it is customary and appropriate that the CEO's salary, bonus and equity compensation are greater in comparison to that of the other Named Officers. The CEO is the only executive with broad authority over the Company's full range of operations. The duties and responsibilities of the Company's CEO encompass all aspects of the Company's management and operations. They are greater in scope and collectively more significant in nature than those of any other Named Officer, and the Committee believes that it is appropriate that the CEO's compensation reflect this.

## **New Chief Executive Officer Compensation**

Mr. Gustafsson's compensation was not determined using the same processes that were used for Mr. Kaplan or the other Named Officers. The amount of each component of his compensation was negotiated as part of his employment agreement executed in connection with his being hired as the CEO of the Company effective September 4, 2007 (the "Gustafsson Employment Agreement"). The terms of the Gustafsson Employment Agreement were negotiated and agreed to by Mr. Gustafsson and the Board. The Board participated in and approved the hiring of Mr. Gustafsson and the Gustafsson Employment Agreement. In connection with the approval of the Gustafsson Employment Agreement, the Board considered market data that had been provided by The Delves Group (a compensation consulting firm), the historical compensation package of the Company's CEO and Mr. Kaplan's compensation prior to his retirement. In determining Mr. Gustafsson's compensation, the Board placed special emphasis on tying his long-term incentive compensation to creation of stockholder value.

## **Establishing Compensation Component Levels**

In connection with the determination of the Named Officers' compensation levels for 2007, the Committee retained The Delves Group, a compensation consulting firm. The Delves Group presented market data and analysis to the Committee. The Committee used this information as a reference in making its compensation determinations, as further described below.

**Base Salaries.** The Committee typically reviews the salaries of the Named Officers annually and may adjust the salaries based on individual performance, the position of the base salary within the established salary range, executive experience levels, competitive compensation levels, general labor market conditions, and the Company's

overall salary budget. In addition, the Committee may adjust Named Officers' salaries prospectively, or in some cases retrospectively, during the year if they change positions within the Company or assume new responsibilities.

The Committee determined 2007 annual base salaries for the Company's Named Officers (other than Messrs. Kaplan and Gustafsson) in consultation with Mr. Kaplan. Mr. Kaplan's base salary was determined by the independent members of the Board without his involvement. Mr. Gustafsson's base salary was determined through negotiation between Mr. Gustafsson and the Board in connection with his hiring, and Mr. Gustafsson participated in establishing his salary insofar as it was a negotiated term of the Gustafsson Employment Agreement. In all cases, base salaries were determined based on the responsibilities and performance of the Named Officer, the performance of the Company relative to Company performance goals and/or the performance of the Named Officer's business unit relative to the business unit's performance goals.

*Non-CEO Named Officers.* In connection with establishing the Named Officers' (other than the CEO) annual salary adjustments, the Company's human resources department provides merit increase percentage guidelines based on compensation survey data, its knowledge of competitive market practices and the Company's salary budget. The merit increase percentage guidelines for all Named Officers' (other than Messrs. Kaplan and Gustafsson) salary increases for 2007 was from 0% to 9.0%.

The Company's Vice President, Human Resources and the CEO then review and discuss the Named Officers' salaries (other than the CEO). After considering the merit increase percentage guidelines and evaluating a Named Officer's (other than the CEO) performance and the position of his current salary within his assigned salary range, the CEO, as each other Named Officer's direct supervisor, makes a specific salary increase or decrease recommendation to the Committee.

Each Named Officer's (other than the CEO) actual salary adjustment, if any, is determined by the Committee, which may approve or modify the salary recommended by the CEO. In determining each such Named Officer's salary adjustment, the Committee is provided with each Named Officer's individual performance evaluation, merit increase percentage guidelines recommended by the human resources department, assigned salary range and current salary's position within the assigned salary range.

The assigned salary range used by the Committee to determine each Named Officer's (other than the CEO) salary adjustment was determined, in part, by salary data provided in compensation surveys. The assigned salary range used by the Committee to determine salary adjustments in 2007 used updated salary data provided in a compensation survey compiled in April 2007 by The Delves Group. The Delves Group, which was engaged by the Committee, identified comparable companies and provided compiled data regarding the salary and bonus ranges and amounts for those comparable companies' named officers without performing any analysis or making any recommendations. The Committee reviewed the comparative data presented by The Delves Group in making its compensation decisions. The comparable companies included in the compensation survey group for this purpose consisted of: Lexmark International Inc.; Symbol Technologies, Inc.; Scansource, Inc.; Waters Corp.; Brady Corp.; Paxar Corp.; Intermec Inc.; Checkpoint Systems Inc.; Polycom Inc.; Itron Inc.; Flir Systems Inc.; Electronics for Imaging, Inc.; Avocent Corp; Coherent Inc.; Emulex Corp.; RadiSys Corp.; Printronix Inc.; and Astro-Med Inc.

The 2007 compensation survey contained compensation information for comparable executive positions at U.S.-based technology companies with net revenue, total assets, total equity and market capitalization that were generally comparable to the Company's. In addition, the relative importance of each position to the Company was also considered in determining the salary range for each position. For 2007, the Committee determined a salary range for each Named Officer (other than Mr. Gustafsson), the midpoint of which approximated the median of base salaries provided to executives with similar responsibilities as reported in the 2007 survey (based on salaries paid predominantly in 2006) and adjusted to reflect an annual increase of 4%. For 2007, the salary range for all Named Officers (other than Mr. Gustafsson) measured from 77% to 123% of their respective midpoints for 2007.

Based on individual considerations with respect to each Named Officer (other than the CEO) such as his experience and contributions to the Company, and recognizing that the Company must also react to a competitive marketplace on a case-by-case basis when seeking to recruit and retain executives, the Committee endeavors to set each Named Officer's salary within the assigned salary range.

For the one-year period beginning April 2, 2007, the Committee set the salaries for the Named Officers (other than Messrs. Kaplan and Gustafsson) between 90% and 115% of the midpoints within their respective salary ranges, and their salaries increased between 4.0% and 5.5% over their respective salaries for the prior one-year period. The salaries of Messrs. Kaplan and Gustafsson are discussed below.

*Retired Chief Executive Officer.* Mr. Kaplan's salary was determined annually by the Committee based on the Board's evaluation of his performance and the position of his salary at the time within his salary range. The CEO and the Vice President, Human Resources do not recommend an adjustment to the CEO's salary as they do with respect to the other Named Officers' salaries. For the one-year period beginning April 2, 2007, the Committee determined Mr. Kaplan's assigned salary range, the midpoint of which approximated the median of base salaries provided to chief executive officers in the 2007 survey described above. Based upon its evaluation of Mr. Kaplan's contributions to the Company and his importance to its continued growth, the Committee set his salary at 115% of his assigned salary range midpoint. In approving Mr. Kaplan's 2007 annual base salary, the Committee also considered the performance of the Company during 2006. Mr. Kaplan was not present during any discussions involving his compensation. Based on the relatively high position of Mr. Kaplan's salary within his assigned salary range, Mr. Kaplan did not receive a salary increase in 2007.

*New Chief Executive Officer.* Mr. Gustafsson's salary for 2007 was a negotiated term of the Gustafsson Employment Agreement, which was executed in connection with his being hired as the CEO of the Company effective September 4, 2007.

**Annual Cash Bonuses.** The target bonus and bonus ranges under the annual bonus plan for each Named Officer other than the CEO are recommended by the CEO to the Committee, which reviews and approves them. The target bonus under the annual bonus plan for each Named Officer approximates the median of target cash bonuses for named officers with similar responsibilities as reported in the 2007 compensation survey (based on cash bonuses paid predominantly in 2006) described above and adjusted to reflect annual market changes. In 2007, the bonus range under the annual bonus plan for each Named Officer was consistent with the Compensation Philosophy and ranged between 0% and 200% of his target bonus level. The target bonus and bonus ranges recommended by the CEO and approved by the Committee are based on the Named Officer's position within the Company, his individual performance evaluation, his perceived potential and contributions to the Company and the Committee's subjective understanding of competitive practices in the marketplace with respect to annual bonuses. Any adjustments by the Committee made to the target level or ranges are based on its subjective determination after its consideration of all such factors. The target bonus and bonus range for the CEO is determined by the Committee after its consideration of the same factors.

Annual cash bonuses under the annual bonus plan are paid, if at all, based on the achievement of financial performance goals established for each Named Officer. Also, the Compensation Committee has authority to award additional discretionary bonuses based on subjective criteria. For 2007, each of the Company's Named Officers other than Mr. Gustafsson participated in the Company's 2007 Management Bonus Plan (the "2007 Bonus Plan"). The amount of each Named Officer's bonus under the 2007 Bonus Plan depended upon the level of attainment of his financial performance goals for the year. Each Named Officer's target bonus under the 2007 Bonus Plan was based upon a percentage of the Named Officer's actual base salary earnings during the calendar year. Target bonus percentages ranged from 45% to 80% of such Named Officers' annual base salary earnings, depending upon their respective relative position within the Company. Generally, the target bonus percentage of base salary earnings is higher for executive officers in more senior positions and who have more responsibility.

As discussed below, Mr. Gustafsson's annual cash bonus was determined pursuant to the Gustafsson Employment Agreement.

Messrs. Kaplan, Whitchurch and Gerskovich were eligible for annual cash bonuses under the 2007 Bonus Plan based on the Company's achievement of specific Company Consolidated Income from Operations levels for 2007. Messrs. Gagnier and Terzich were eligible for annual cash bonuses under the 2007 Bonus Plan with 75% based on their assigned business unit's achievement of specific Direct Operating Profit levels for 2007 and 25% based on Company Consolidated Income from Operations levels for 2007. Their assigned business unit is Specialty Printer Group. Company Consolidated Income from Operations and Direct Operating Profit are defined in the Glossary of Terms attached to this Proxy Statement.

The Compensation Committee has historically (and in 2007) established the financial performance targets for the Named Officers in connection with the Company's annual budgeting process so that the performance targets at which Named Officers receive 100% of their target bonuses correspond to the Company's budgeted goals for the fiscal year. The Committee believes that since the Named Officers' financial performance targets are identical to the Company's budgeted goals, the Named Officers are incentivized to cause the Company to achieve its budgeted goals.

The Company's budgeted goals, and the Named Officers' corresponding financial performance targets at which they receive 100% of their target bonuses under the annual bonus plans, have historically (including in 2007) been set at aggressive levels, which could be achieved only upon the delivery of financial results in excess of relevant anticipated industry averages. For 2007, the Company Consolidated Income from Operations target, at which bonuses would be calculated at the 100% level, was \$182,634,000, and the Direct Operating Profit target for Messrs. Gagnier's and Terzich's assigned business unit, at which bonuses would be calculated at the 100% level, corresponded to the applicable budgeted amounts for 2007. The minimum performance level required to receive a bonus under the 2007 Plan was achievement of 86.7% of the applicable target. The maximum bonus payment (200% of target bonus) under the 2007 Plan required the achievement of 106.6% of the applicable target.

Under the 2007 Bonus Plan, Messrs. Kaplan, Gerskovich and Whitchurch would have been entitled to annual cash bonuses at 3.62% of their targeted bonus amounts based on the actual Company Consolidated Income from Operations level for 2007, and Messrs. Gagnier and Terzich would have been entitled to annual cash bonuses at 56.65% of their targeted bonus amounts based on the actual Company Consolidated Income from Operations for 2007 and their assigned business unit's actual Direct Operating Profit for 2007. However, discretionary bonuses were recommended by the CEO and granted by the Committee and paid to each of Messrs. Kaplan, Gerskovich and Whitchurch, such that their total annual bonuses for 2007 equaled 20% of their respective target bonuses under the 2007 Bonus Plan, and to Messrs. Gagnier and Terzich, such that their total annual bonuses for 2007 equaled 60.74% of their respective target bonuses under the 2007 Bonus Plan. In determining the discretionary bonuses, the CEO and the Committee recognized (i) management's performance during a time of uncertainty resulting from the retirement of the Company's co-founder and the transition to a new CEO, (ii) the completion of three acquisitions that form the business that the Company refers to as Zebra Enterprise Solutions, which positioned the Company for long-term growth, and (iii) the Company's record sales and earnings achieved for 2007. Mr. Kaplan's actual bonus was pro-rated based on the portion of 2007 that he served as CEO.

Pursuant to the Gustafsson Employment Agreement, Mr. Gustafsson received a guaranteed bonus for calendar year 2007 equal to 100% of his portion of his base salary actually earned for 2007.

### **Equity Awards**

*Options.* In 2007, the Company awarded its Named Officers options to purchase shares of its Common Stock under its stockholder-approved 2006 Zebra Technologies Corporation Incentive Compensation Plan. The Company awards stock options to provide long-term incentives related to stock appreciation and competitive compensation packages. The Committee believes it is important that all of its Named Officers have a direct incentive to create stockholder value over a long-term investment horizon. Prior to the 2007 stock option awards, the Company's annual stock option awards usually vested over a five year period, with varying portions vesting on the first five anniversaries of the grant date. Based on equity award vesting data in the compensation survey by The Delves Group in April 2007, the Committee determined that the annual stock option awards in 2007 would vest over a four year period, with equal portions vesting on the first four anniversaries of the grant date. The Committee believes this vesting schedule is consistent with competitive market practices.

The stock options granted to each Named Officer, other than to the CEO, are recommended to the Committee by the CEO and the Vice President, Human Resources as part of the Company's grant of stock options to all eligible employees. For 2007, individual stock option grant recommendations were generally determined by calculating a targeted total number of shares underlying unvested stock options ("total option target level") for the Named Officer and granting him an option for a number of shares ("annual option target level") intended to provide the Named Officer, when combined with his existing unvested stock options, unvested options for a total number of shares that approximates the Named Officer's total option target level. Each Named Officer's total option target level is set by the Committee after consideration of several factors. The target level generally equals the net present value of five times the Named Officer's base salary and is adjusted based on the Named Officer's position within the Company, his individual performance evaluation, his perceived potential and contributions to the Company, target levels recommended by the CEO (with respect to Named Officers other than the CEO) and the Committee's subjective understanding of competitive practices in the marketplace with respect to equity awards. Any adjustments by the Committee made to the total option target level are based on its subjective determination after its consideration of all such factors. The Committee did not use a benchmarking analysis in determining stock option awards in 2007.

Historically, the Committee awarded stock option grants to the Named Officers during the first quarter of each year. In 2007, the Committee decided to award annual stock options in April. The Committee believed that awarding the stock options later in the year better aligns the award schedule with the Company's internal budgeting

and overall compensation review processes. In 2007, the Committee granted stock options to the Named Officers in April according to the revised stock option award schedule.

For 2007, if a Named Officer was determined to have performed at a satisfactory level, he was eligible to receive a stock option award at his annual option target level. If he performed at a less than satisfactory level, he was eligible to receive a stock option award for between zero shares and his annual option target level. If he performed at a level significantly above his expected performance level, he was eligible to receive a stock option award at a level between the annual option target level and 1.67 times the annual option target level. The Committee may also take into account other factors, such as the Company's performance, in adjusting stock option award levels. The Named Officers' performance evaluation and other considerations used to increase or decrease a Named Officer's annual stock option award are assessed by the Committee on a subjective basis.

In 2007, the Committee awarded annual stock options to each Named Officer other than Mr. Kaplan (who did not receive any options) and Mr. Gustafsson (whose option awards are discussed below), based on the methodology described above. The value of the Named Officers' (other than Mr. Gustafsson) 2007 annual stock option awards, after adjusting for individual performance and the other factors, resulted in annual stock option awards ranging from 100% to 133%, and averaging 118%, of their annual option target levels. Stock options awarded to Mr. Gustafsson in 2007 are discussed below.

Unlike the other Named Officers, Mr. Kaplan did not receive annual stock option awards in 2007. Since Mr. Kaplan already owned a significant number of shares of the Company's Common Stock and he had indicated his intent to retire in the near future, the Committee did not believe that stock options for additional shares were appropriate for Mr. Kaplan. The Company granted Mr. Kaplan stock options only one time, in 2005.

Pursuant to the Gustafsson Employment Agreement, Mr. Gustafsson was granted a stock option to purchase 75,000 shares of the Company's Common Stock that vests in equal installments on the first four anniversaries of the grant date. Also pursuant to the Gustafsson Employment Agreement, the Company granted him an additional stock option to purchase 168,750 shares of the Company's Common Stock that will vest incrementally as long as Mr. Gustafsson is employed by the Company and based on the Company achieving various levels of "Total Shareholder Return" prior to the fifth anniversary of the Gustafsson Employment Agreement. "Total Shareholder Return" is calculated as (i) the closing per-share price of the Company's Common Stock as reported on The NASDAQ Stock Market on any particular date, minus the closing per-share price of the Company's Common Stock on the date of grant, plus the aggregate dividends paid on a share of the Company's Common Stock since the date of grant, divided by (ii) the closing per-share price of the Company's Common Stock as reported on The NASDAQ Stock Market on the date of grant. The Committee believes that the stock option grant both serves a retention purpose and aligns Mr. Gustafsson's long-term interests with an increase in the Company's stock price.

*Restricted Stock.* To encourage the retention of executive officers after Mr. Kaplan's announcement in September 2006 of his intention to retire from the Company, the Committee approved a special grant of restricted stock awards to the Company's other executive officers. Mr. Gustafsson was not employed by the Company at the time. The restrictions on the restricted stock vested in October 2007. Given such 2006 restricted stock awards, the Separation Agreements discussed below under "Employment Agreements" and the September 2007 hiring of Mr. Gustafsson as CEO, the Committee did not believe that further special retention incentives were necessary to address the specific issues of the CEO transition. The 2006 restricted stock awards did not affect the other components of the Named Officers' compensation.

Pursuant to the Gustafsson Employment Agreement, Mr. Gustafsson was awarded 56,250 shares of restricted stock. The restricted stock will vest incrementally as long as Mr. Gustafsson is employed by the Company and based on the Company achieving various levels of Total Shareholder Return prior to the fifth anniversary of the Gustafsson Employment Agreement. The Committee believes that the restricted stock grant both serves a retention purpose and aligns Mr. Gustafsson's long-term interests with an increase in the Company's stock price.

**Retiring Chief Executive Officer Consulting Compensation.** In connection with Mr. Kaplan's retirement as Chairman and CEO, the Company entered into a consulting agreement with him (the "Consulting Agreement"). Under the Consulting Agreement, Mr. Kaplan will provide consulting services to the Company until the earliest of (i) May 31, 2009, (ii) certain change in control events, and (iii) the hiring of a CEO subsequent to Mr. Gustafsson. He will not receive any fees for his continued service as a Board member, but the Company will pay Mr. Kaplan quarterly fees for his consulting services. The Consulting Agreement also provided for the acceleration of the unvested portion of Mr. Kaplan's stock option.

The Board believes it is important to retain Mr. Kaplan as a consultant to assist the Company in providing an effective transition of the CEO responsibilities and to serve as a resource to the Company's management. As the co-founder of the Company and an active member of management for over 38 years, the Board considers his continued involvement and availability to be valuable and it considers the compensation under the Consulting Agreement to be fair and appropriate in its subjective determination. The terms of the Consulting Agreement and the amounts of Mr. Kaplan's quarterly fees were negotiated between Mr. Kaplan and the Board in connection with his retention as a consultant, and the Consulting Agreement was approved by the Board members other than Mr. Kaplan.

### **New Employment Agreements**

As a consequence of the CEO transition process and the hiring of the Named Officers and other executive officers at different times and under different circumstances, the executive officers' various agreements with the Company regarding employment, separation and severance were inconsistent. The Committee determined in 2007 to adopt a form employment agreement addressing those issues and offer it to the Company's executive officers. In making this determination, the Committee considered the importance of providing certainty and security to the Named Officers during the CEO transition period. The Committee intended the employment agreements to allow the executive officers to function in their positions and fulfill their responsibilities in the best interest of the Company's stockholders without the influence of possible effects to their personal employment situations from the hiring of a new CEO or a potential change in control. It also desired that all executive officer employment agreements contain the restrictive covenants regarding non-competition and confidentiality previously contained in only some executive officers' employment agreements.

The Committee engaged The Delves Group to conduct a survey and analysis of standard terms and features of employment agreements of named officers at comparable companies in the technology industry.<sup>1</sup> The Committee was provided information based on The Delves Group's analysis of the employment agreements of the peer companies' named officers with respect to the agreements' various features including: severance payment components, amounts and triggers; effects of changes in control; effects of disability; non-cash and equity compensation and benefits; standards for cause and non-cause termination and tax gross-ups for "parachute payments."

In negotiating the provisions and features of the Gustafsson Employment Agreement, the Committee considered the employment agreement survey data. After finalizing of the Gustafsson Employment Agreement, the Committee decided to use the Gustafsson Employment Agreement as the basis for the form employment agreement for all executive officers. With the assistance of outside legal counsel, the Committee prepared and approved a final form employment agreement that was offered to each of the executive officers.

Each of the Named Officers, other than Mr. Gustafsson, entered into an employment agreement in 2007 in the form of the Committee's approved form employment agreement, which superseded their respective previous agreements, if any, with the Company regarding the same or similar subject matter. The Gustafsson Employment Agreement was amended to correspond to the final form agreement.

The Committee believes that in addition to the benefits provided to the Company pursuant to the substantive provisions of the employment agreements, the Company also recognizes the benefit of increased efficiencies in administering a standardized form employment agreement for its executive officers rather than numerous different forms of agreement. The terms of the employment agreements are further discussed below under "Employment Agreements."

### **Participation in Employee Benefits**

Named Officers are also eligible to participate in various benefit programs offered generally to the Company's U.S. salaried employees. Named Officers may participate in the Company's health plans and group disability and life insurance plans. The Company also provides a 401(k) plan to eligible employees, including its Named Officers. It also provides a non-qualified deferred compensation plan in which the Named Officers may participate. In accordance with applicable tax laws, eligible participants have an opportunity to defer, on a pre-tax basis, all or a portion of the participant's base salary, commissions and bonus earned each year. Deferred amounts are credited to

the participant's account, which also is credited with earnings on those amounts based on hypothetical investments selected by the participant. In addition to such earnings, the Company may, but is not required to, specify additional discretionary amounts which the Company may credit to a participant's account (to date, no such discretionary amounts have been credited to any account). Until the deferred amounts are actually paid, the participant pays no taxes on them other than FICA and Medicare taxes. The Company receives no tax deduction for payment of the deferred amounts until they are actually paid, although it does pay and deduct the employer's portion of FICA and Medicare taxes.

The Company does not provide perquisites such as car allowances, club memberships and financial planning services. Additionally, except for the Company's 401(k) plan, the deferred compensation plan and the Company's equity-based incentive compensation plans described above, the Company does not provide other long-term compensation plans such as supplemental executive retirement plans or defined benefit pension plans.

### **Tax Effects**

*Compliance With Section 162(m).* The Committee generally intends for all compensation paid to the Named Officers to be tax deductible to the Company pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended ("Section 162(m)"). Section 162(m) provides that compensation paid to the Named Officers in excess of \$1,000,000 cannot be deducted by the Company for federal income tax purposes unless, in general, such compensation is performance-based, is established by an independent committee of directors, is objective and the plan or agreement providing for such performance-based compensation has been approved in advance by the Company's stockholders. However, if in the judgment of the Committee, the benefits to the Company of a compensation program that does not satisfy the arbitrary and inflexible conditions of Section 162(m) outweigh the costs to the Company of the failure to satisfy these conditions, the Committee may adopt such a program.

*Stock Options.* There generally are no federal income tax consequences to a participant or the Company upon the grant of either an incentive stock option (an "ISO") or a non-qualified stock option (an "NSO"). Upon the exercise of an NSO, the executive officer generally will recognize ordinary income in an amount equal to: (i) the fair market value, on the date of exercise, of the acquired shares, less (ii) the exercise price of the NSO. Subject to Section 162(m), in most cases the Company will be entitled to a tax deduction in the same amount. Upon the exercise of an ISO, the executive officer generally recognizes no immediate taxable income. Provided that certain holding periods and other requirements are met, income recognition is deferred until the executive officer sells the shares. If the ISO is exercised no later than three months after the termination of the executive officer's employment, and the executive officer does not dispose of the acquired shares within two years after the date the ISO was granted and within one year after the exercise of the ISO, the gain on the sale will be treated as a long-term capital gain. In the event of an option holder's death or disability while he or she is employed by the Company, he or she (or his or her estate) generally has twelve months after such event to exercise the stock options.

Generally, the Company will not be entitled to any tax deduction for the grant or exercise of an ISO. If, however, the shares are not held for the full term of the holding period outlined above, or otherwise do not satisfy the ISO requirements, the gain on the sale of such shares, being the lesser of: (i) the fair market value of the shares on the date of exercise minus the option price, or (ii) the amount realized on disposition minus the exercise price, will be taxed to the participant as ordinary income. Subject to Section 162(m), in most cases the Company will be entitled to a deduction in the same amount. The excess of the fair market value of the shares acquired upon exercise of an ISO over the exercise price constitutes a tax preference item for purposes of computing the "alternative minimum tax" under the Code.

## **EXECUTIVE COMPENSATION AND CERTAIN TRANSACTIONS**

The following table provides selected information concerning the compensation earned during the year ended December 31, 2007, for services in all capacities to the Company, by (1) the current principal executive officer, (2) the former principal executive officer who retired during 2007, (3) the principal financial officer, and (4) each of the Company's three most highly compensated executive officers (calculated in accordance with applicable SEC rules) who served in positions other than principal executive officer or principal financial officer at the end of 2007 (collectively, the "Named Officers").

### **Employment Agreements**

In 2007, the Company entered into new employment agreements with each of its Named Officers other than Mr. Kaplan, who retired as an employee of the Company in connection with the Company hiring Mr. Gustafsson as its CEO effective September 4, 2007. As described above under “Compensation Discussion and Analysis,” the form of employment agreements of Messrs. Whitchurch, Gagnier, Gerskovich and Terzich are the same (the “Form Employment Agreement”). Mr. Gustafsson’s employment agreement (as amended, the “Gustafsson Employment Agreement”) was entered into in connection with his hiring and then amended to be substantially the same as the Form Employment Agreement other than as described above under “Compensation Discussion and Analysis” and below under “Mr. Gustafsson.”

Messrs. Whitchurch, Gagnier, Gerskovich and Terzich. The Form Employment Agreements entered into by Messrs. Whitchurch, Gagnier, Gerskovich and Terzich (the “Other Named Officers”) superseded all previous employment agreements, severance agreements, separation agreements and other arrangements between the Company and them with respect to the subject matter of the Form Employment Agreement. Under the Form Employment Agreements, the Other Named Officers are currently entitled to annual base salaries and are eligible to earn targeted annual cash bonuses in the following amounts:

<b><u>Other Named Officer</u></b>	<b><u>Base Salary</u></b>	<b><u>Targeted Bonus</u></b>
Charles R. Whitchurch	\$286,800	50% of base salary
Hugh K. Gagnier	\$324,900	45% of base salary
Philip Gerskovich	\$365,800	50% of base salary
Michael H. Terzich	\$289,100	45% of base salary

The annual base salaries and targeted bonuses reflected in the Form Employment Agreements are the same respective base salaries and targeted bonuses that were in effect prior to the execution of the Form Employment Agreements. The Other Named Officers’ annual base salaries will be reviewed at least annually, and may be increased or decreased from time to time by the Company. However, if an Other Named Officer’s annual base salary in effect on the date of his Form Employment Agreement is decreased in an amount equal to or greater than ten percent (10%) (unless such decrease is applied on a proportionally equal basis to all executive officers of the Company), then the Other Named Officer will have fifteen days to terminate his employment, in which case such termination will be for “good reason” under his Employment Agreement. Each Other Named Officer’s target bonus is payable upon the attainment of certain performance measures and in accordance with the Company’s annual bonus plan for the relevant fiscal year. The Form Employment Agreements also provide that the Other Named Officers will be eligible to receive equity compensation, as determined in the sole discretion of the Compensation Committee.

The employment of each Other Named Officer under his Form Employment Agreement is terminable at any time, subject to certain severance obligations as described below. Each Form Employment Agreement provides that if the Other Named Officer terminates his employment with “good reason” or the Company terminates his employment without “cause” and under circumstances other than death or “disability” as provided in his Employment Agreement, he will be entitled to (i) the continuation of his base salary at the rate then in effect for a period of one year; (ii) a pro-rata portion of his annual performance bonus (the “Bonus”) for the year in which his employment terminates, if it otherwise would have been earned if he was employed as of the date the annual performance bonuses for such year are paid to senior level executives of the Company, and any such pro-rata portion will be payable at the time annual performance bonuses for such year are paid to senior level executives of the Company, (iii) if not yet paid, any Bonus attributable to the year immediately preceding the year of the employment

termination, if it otherwise would have been earned if he was employed as of the date the annual performance bonuses for such year are paid to senior level executives of the Company, and any such Bonus will be payable at the time annual performance bonuses for such year are paid to senior level executives of the Company, (iv) a payment equal to 100% of his targeted bonus based upon his base salary for the year in which his employment terminates and payable at the time annual performance bonuses for such year are paid to senior level executives of the Company for such year; (v) outplacement services not to exceed \$32,000, and (vi) the continuation of coverage under the Company's medical and dental insurance plans, as mandated by COBRA, with the Company paying for such coverage at the same rate the Company pays for health insurance coverage for its active employees under its group health plan and the Other Named Officer paying for any employee-paid portion of such coverage, until the earlier of (a) one year after the date of termination, or (b) the Other Named Officer becoming eligible for coverage under another group health plan that does not impose preexisting condition limitations on the Other Named Officer's coverage.

The Form Employment Agreements provide that if the Other Named Officer terminates his employment with good reason or the Company terminates his employment without cause, and such termination of employment occurs within 120 days immediately preceding or one year immediately following a "change in control," then the Other Named Officer will be entitled to all compensation and benefits set forth in the immediately preceding paragraph, except that instead of receiving salary continuation as set forth in subpart (i) and the payment equal to 100% of his targeted bonus as set forth in subpart (iv), he will receive a payment equal to two times his base salary at the rate then in effect plus two times his targeted bonus based upon his base salary, which payment shall be payable within sixty days following the later of the change in control or the termination.

Under the Form Employment Agreements, if payments or benefits from the Company to the Other Named Officer exceed the applicable threshold under Section 4999 of the Internal Revenue Code of 1986, as amended (the "Code"), and an excise tax becomes due thereunder, the Other Named Officer would be entitled to receive an additional payment so that, after payment by him of all applicable taxes and excise taxes, he retains an amount equal to the amount he would have retained had no excise tax been imposed; provided, however, that if the applicable threshold under Section 4999 of the Code is exceeded by ten percent (10%) or less, the total payments he would be entitled to receive will be reduced so that they are \$1.00 less than such applicable threshold.

Each Form Employment Agreement further provides that the Other Named Officer is bound by non-competition and non-solicitation provisions until two years following his termination and by confidentiality provisions at all times during and after the term of the Employment Agreement. It also obligates the Company to maintain directors' and officers' liability insurance coverage for him and to indemnify him to the extent permitted under the Company's By-Laws and/or Certificate of Incorporation.

The terms "good reason," "cause," "disability" and "change in control" as used in the Form Employment Agreements are defined in the Glossary of Terms attached to this Proxy Statement as Appendix A (the "Glossary").

Mr. Gustafsson. The Gustafsson Employment Agreement entitles Mr. Gustafsson to an initial annual base salary of \$700,000. It provides that his annual cash bonus for 2007 will be equal to 100% of his base salary actually earned for 2007 and for subsequent years will be targeted at 100% of his base salary, with an opportunity to earn up to 200% of base salary for exceptional performance relative to the performance goals.

The Gustafsson Employment Agreement also provided for the award to Mr. Gustafsson of stock options and restricted stock. Pursuant to the Gustafsson Employment Agreement, Mr. Gustafsson was granted a stock option to purchase 75,000 shares of the Company's Common Stock that vests in equal installments on the first four anniversaries of the grant date as long as he remains employed by the Company (the "Initial Option"). He was also granted an additional stock option to purchase 168,750 shares of the Company's Common Stock (the "TSR Option") and 56,250 restricted shares of the Company's Common Stock (the "TSR Stock"). The TSR Option and TSR Stock will each vest incrementally as long as Mr. Gustafsson is employed by the Company and based on the Company achieving various levels of "Total Shareholder Return" (as defined above under "Compensation Discussion and Analysis") prior to the fifth anniversary of the Gustafsson Employment Agreement. Under the Gustafsson Employment Agreement, the Compensation Committee may adjust the formula for calculating Total Shareholder Return to prevent dilution or enlargement of the Total Shareholder Return as a result of certain corporate transactions.

The TSR Option and TSR Stock will each vest as follows:

- (i) 25% of the award will vest if, at any time during the period from September 4, 2007 until September 4, 2012 (the “Vesting Period”), the average of the Total Shareholder Return measured over any 45 consecutive trading-days is at least 60%; and
- (ii) the final 75% of the award will vest if, at any time during the Vesting Period, the average of the Total Shareholder Return measured over any 45 consecutive trading-days is at least 100%.

<u>Total Shareholder Return</u>	<u>Vested Percentage</u>
65% but less than 70%	28.8%
70% but less than 75%	33.4%

- (iv) Any portion of the award which is unvested at the expiration of the Vesting Period will be forfeited.

The Gustafsson Employment Agreement is substantially similar to the Form Employment Agreement in most other respects, with the following exceptions: (i) the Gustafsson Employment Agreement provided for payment of relocation costs in accordance with the Company’s standard corporate relocation policy, (ii) any decrease in Mr. Gustafsson’s base salary, rather than a decrease of at least 10%, permits Mr. Gustafsson to terminate his employment for good reason, (iii) if Mr. Gustafsson terminates his employment with good reason or the Company terminates his employment without cause and under circumstances other than death or disability, he will not receive outplacement services, the unvested portion of the Initial Option and any annual equity awards will vest immediately, the continuation of his base salary will be for a period of two years, and, unless it is otherwise terminated, the continuation of healthcare coverage will be for a period of two years, (iv) the Company paid up to \$15,000 of Mr. Gustafsson’s legal fees related to the negotiation and drafting of the Gustafsson Employment Agreement. In addition, if Mr. Gustafsson terminates his employment with “good reason” or the Company terminates his employment without “cause,” and such termination of employment occurs within 120 days immediately preceding or one year immediately following a “change in control,” then pursuant to the Gustafsson Employment Agreement, the unvested portion of the Initial Option and any annual equity awards will vest immediately, and the unvested portion of the TSR Option and TSR Stock will immediately vest as follows:

<u>Date of Change in Control</u>	<u>Percentage of Unvested TSR Option and TSR Stock That Will Vest</u>
Prior to September 4, 2008	100%
On or after September 4, 2008, but prior to September 4, 2009	80%
On or after September 4, 2009, but prior to September 4, 2010	60%
On or after September 4, 2010, but prior to September 4, 2011	40%
On or after September 4, 2011, but prior to September 4, 2012	20%

The terms “good reason,” “cause” and “change in control” as used in the Gustafsson Employment Agreements are defined in the Glossary.

Mr. Kaplan. Mr. Kaplan and the Company entered into a letter agreement (the “Consulting Agreement”) effective as of September 4, 2007, regarding his engagement as a consultant upon his retirement as Chief Executive Officer. Under the Consulting Agreement, Mr. Kaplan provides consulting services to the Company until the earliest of (i) May 31, 2009, (ii) a “change in control,” and (iii) the hiring of a chief executive officer subsequent to Mr. Gustafsson.

Under the Consulting Agreement, Mr. Kaplan will not receive any fees for his continued service as a director, but the Company will pay Mr. Kaplan for his consulting services as follows: \$150,000 on each of September 4, 2007, December 1, 2007 and March 1, 2008; \$112,500 on each of June 1, 2008, September 1, 2008, December 1, 2008 and March 1, 2009; \$87,500 on each of June 1, 2009, September 1, 2009, December 1, 2009 and March 1, 2010; and \$62,500 on each of June 1, 2010, September 1, 2010, December 1, 2010 and March 1, 2011. Any such payments that have not yet been paid upon the occurrence of a “change in control” will be accelerated and paid at that time. In addition, the Consulting Agreement provides that while Mr. Kaplan is a director, he and his spouse will continue to be eligible to participate in the Company’s group health insurance plan and the Company will pay the premium costs of such participation. The Company will also provide Mr. Kaplan with office space and administrative support while he performs services for the Company at the Company’s location, as well as limited computer support. Mr. Kaplan was permitted to keep his current personal computer hardware and software provided by the Company. The Company paid up to \$10,000 of Mr. Kaplan’s legal fees related to the review and negotiation of the Consulting Agreement.

The Consulting Agreement amended the terms of the outstanding option granted to Mr. Kaplan on March 23, 2005, to purchase 219,203 shares of the Company’s Common Stock (the “2005 Option”). The amendment accelerated, as of September 4, 2007, the vesting of the unvested portion of the 2005 Option, so that the 2005 Option became fully exercisable on that date. Prior to the amendment, the 2005 Option was already exercisable with respect to 71,240 shares, and would have become exercisable with respect to 43,841 shares on March 23, 2008, 49,321 shares on March 23, 2009, and 54,801 shares on March 23, 2010. The amendment also extended, irrespective of the time period that Mr. Kaplan remains a director of, or a consultant to, the Company, the exercise period of the 2005 Option until March 22, 2015, which is the latest date on which the 2005 Option would have expired under its original terms if Mr. Kaplan continued as an employee, director or consultant of the Company until that date. Prior to the amendment, the 2005 Option’s exercise period would have been shortened relative to any time Mr. Kaplan did not continue as an employee, director or consultant of the Company. The Consulting Agreement also provides that Mr. Kaplan will continue to be restricted by the non-competition, non-solicitation and confidentiality provisions in the 2005 Option award agreement.

The term “change in control” with respect to the vesting of the Consulting Agreement is defined in the Glossary.

(1) In connection with his hiring, Mr. Gustafsson received a stock option to purchase 168,750 shares of the Company's Common Stock and 56,250 shares of restricted stock. Both awards were granted under the 2006 Zebra Technologies Corporation Incentive Compensation Plan and, as long as Mr. Gustafsson is employed by the Company, will vest incrementally based on the Company achieving various levels of "Total Shareholder Return" prior to the fifth anniversary of the Gustafsson Employment Agreement, as further described below under "Employment Agreements" and "Award Agreements." The amounts represent the number of shares that will vest upon achievement of the minimum total shareholder return level for which such shares will vest and the upon achievement of the targeted total shareholder return level. The Company has omitted a "maximum" column because the target award amount is the maximum award amount.

(2) Non-qualified options for shares of the Company's Common Stock granted under the 2006 Zebra Technologies Corporation Incentive Compensation Plan at an exercise price equal to the closing market price on the date of grant. Such options become exercisable with respect to 25% of the underlying shares on each of the first four anniversaries of the date of grant, and vesting accelerates upon a change in control in accordance with the terms of the 2006 Zebra Technologies Corporation Incentive Compensation Plan.

(3) Represents target and maximum award amounts that could have been paid out as cash annual incentive awards for 2007 under the Company's 2007 Management Bonus Plan if various financial performance goals were achieved. The target and maximum award amounts are based on percentages of each Named Officer's actual base salary earnings for 2007, except that the amounts for Mr. Kaplan exclude the \$72,689 paid to him for accrued unused vacation upon retirement because such payments are not factored into the calculation of award

amounts. The actual award amounts for the 2007 performance period were paid to the Named Officers in March 2008, and are reported in the “Non-equity Incentive Plan Compensation” column of the Summary Compensation Table above. The 2007 Management Bonus Plan and the determination of award amounts under it are further described above under “Compensation Discussion and Analysis.” The Company has omitted a “threshold” column because there is no minimum award amount.

- (4) Represents the unvested portion of the option granted to Mr. Kaplan on March 23, 2005, to purchase 219,203 shares of the Company’s Common Stock at an exercise price of \$45.62, which was accelerated on September 4, 2007, in connection with Mr. Kaplan’s retirement as the Company’s Chief Executive Officer. Prior to the acceleration, the option was already exercisable with respect to 71,240 shares, and would have become exercisable with respect to 43,841 shares on March 23, 2008, 49,321 shares on March 23, 2009, and 54,801 shares on March 23, 2010. The amount reflected in the table represents the incremental fair value of the acceleration computed in accordance with SFAS 123(R).

### **Award Agreements**

Each award of stock options and restricted stock awarded to the Named Officers during 2007 was granted pursuant to an award agreement. In general, the Named Officer must remain employed by the Company or one of its subsidiaries through the applicable vesting date in order for the award to vest. Information regarding the vesting schedules, and with respect to the TSR Option and TSR Stock the performance targets and calculations, is described below in the footnotes to the Outstanding Equity Awards at 2007 Fiscal Year-End table and above under “Employment Agreements.”

Stock Option Awards. The stock option award agreements provide for a term of ten years to exercise the stock options. The stock option award agreements for the stock options granted to Named Officers other than Mr. Gustafsson provide: (i) upon the termination of the Named Officer by reason of death or disability, the unvested portion of the stock option will immediately become fully vested and exercisable, and along with the unexercised vested portion of the stock option, will remain exercisable for one year; (ii) if the Named Officer “retires,” the unexercised vested portion of the stock option will remain exercisable for one year; (iii) if the Named Officer is terminated for “cause,” the unexercised vested portion of the stock option and the unvested portion of the stock options immediately will be forfeited; (iv) if the Named Officer is terminated for any other reason, then the unexercised vested portion of the stock option will remain exercisable for ninety days in the event of a termination by the Company and thirty days in the event of termination by the Named Officer; (v) in the event of a “change in control,” the unvested portion of the stock option will immediately become fully vested and exercisable, and along with the unexercised vested portion of the stock option, will remain exercisable for the entire term of the stock option; and (vi) the Named Officer is bound by a non-competition and non-solicitation provision until twelve months following termination of his employment and by confidentiality provisions at all times during and after his employment. The terms “retire,” “disability,” “cause” and “change in control” as used in such 2007 stock option award agreements are defined in the Glossary.

Mr. Gustafsson’s stock option award agreement for the Initial Option has all of the same terms as the other Named Officers’ 2007 stock option award agreements, except that “cause” has the same meaning as in the Gustafsson Employment Agreement and the non-competition and non-solicitation provision applies for twenty-four months following the termination of his employment. The stock option award agreement for the TSR Option provides: (i) upon the death or “disability” of Mr. Gustafsson, the unexercised vested portion of the stock option will remain exercisable for one year; (ii) if Mr. Gustafsson is terminated for “cause,” all unexercised vested stock options and all unvested stock options immediately will be forfeited; (iii) if Mr. Gustafsson is terminated for any other reason, then the unexercised vested portion of the stock option will remain exercisable for ninety days in the event of a termination by the Company and thirty days in the event of termination by Mr. Gustafsson; (iv) Mr. Gustafsson is bound by a non-competition and non-solicitation provision for twenty-four months following termination of his employment and by confidentiality provisions at all times during and after his employment. Some or all of the unvested portion of the TSR Option will also vest if Mr. Gustafsson terminates his employment with “good reason” or the Company terminates his employment without “cause,” and such termination of employment occurs within 120 days immediately preceding or one year immediately following a change in control, as described above under “Employment Agreements.”

Mr. Gustafsson Restricted Stock Agreement. Under the restricted stock award agreement for the TSR stock, if Mr. Gustafsson is terminated for any reason, any unvested portion of the stock immediately will be forfeited, except that some or all of the unvested portion of the TSR Stock will also vest if Mr. Gustafsson terminates his employment with “good reason” or the Company terminates his employment without “cause,” and such termination of employment occurs within 120 days immediately preceding or one year immediately following a “change in control,” as described above under “Employment Agreements.” Mr. Gustafsson has the right to receive dividends paid on the TSR Stock and the full right to vote the TSR Stock. Pursuant to the restricted stock award agreement for the TSR stock, Mr. Gustafsson is bound by a non-competition and non-solicitation provision for twenty-four months following termination of his employment and by confidentiality provisions at all times during and after his employment.

### NON-QUALIFIED DEFERRED COMPENSATION

Pursuant to the Company's Executive Non-Qualified Deferred Compensation Plan effective January 1, 2002, (the "2002 Deferral Plan") and its 2005 Executive Deferred Compensation Plan effective January 1, 2005, (the "2005 Deferral Plan") (the 2002 Deferral Plan and the 2005 Deferral Plan are collectively referred to herein as the "Deferral Plans"), a Named Officer could defer, on a pre-tax basis, up to 100% of each of his base salary, commissions and bonus earned for 2007. Beginning in 2008, a Named Officer may defer only up to 80% of his base salary, commissions and bonus earned each year. Deferred compensation balances are credited with gains or losses which mirror the performance of benchmark investment funds selected by the participant from among the Deferral Plans' available funds offerings. All credited amounts under the Deferral Plans are unfunded general obligations of the Company, and the participants have no greater rights to their respective payments than the rights of any unsecured general creditor of the Company.

The values of each participant's account under the Deferral Plans change based upon the performance of the funds designated by the participant from various money market and investment funds offerings. Amounts deferred under the Deferral Plans are paid either in a lump sum or in annual installments pursuant to the terms of the Deferral Plans. To date, the Company has not made contributions to the Deferral Plans, but pays all of the Deferral Plans' administrative costs and expenses.

The table below reflects the funds available under the Deferral Plans in which the Named Officers' accounts had investment balances as of December 31, 2007, and the funds' annual rates of return for 2007, as reported by the administrator of the Deferral Plans. The Deferral Plans are further described above under "Compensation Discussion and Analysis."

### **POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL**

The following paragraphs and tables describe the potential payments and benefits to which the Named Officers would be entitled from the Company pursuant to their individual employment agreements described above in "Employment Agreements," and the Company's compensation and benefit plans upon termination of employment, if such termination had occurred as of December 31, 2007, or upon a change in control of the Company, if such change in control had occurred as of December 31, 2007.

The amounts in the tables and descriptions below do not include payments and benefits to the extent they are provided on a non-discriminatory basis to full-time salaried employees generally upon termination of employment. Such payments and benefits include accrued salary and vacation pay and distributions of plan balances under the Company's 401(k) plan.

For purposes of the following tables, and their footnotes, certain terms used with respect to events of termination or changes in control, as discussed above under "Compensation Discussion and Analysis," "Employment Agreements" and "Award Agreements," have the meanings given to them in the Glossary.

#### ***Mr. Kaplan - Potential Payments upon Termination or Change in Control.***

Except for benefits plans provided on a non-discriminatory basis to full-time salaried employees generally or as otherwise described in the following three paragraphs, Mr. Kaplan is not a party to any employment agreement, separation agreement or other individual agreements or a participant under any Company plan, pursuant to which he will receive compensation or benefits upon a termination event or change in control of the Company. All stock options held by Mr. Kaplan as of December 31, 2007, were already vested and exercisable as of that date.

Under the 2007 Bonus Plan described above under "Compensation Discussion and Analysis," if Mr. Kaplan's employment was terminated by reason of his death, disability or retirement during the year, the Company would have paid a pro-rated portion of the amount otherwise due to him for 2007 (for purposes hereof, 100% of the bonus, based on his employment for all of 2007, i.e., \$14,190).

Under his Consulting Agreement, all remaining payments due under the Consulting Agreement (i.e., \$1,200,000) would be accelerated and paid upon a change in control (as defined in the Glossary).

In addition, Mr. Kaplan may receive payments under the 2005 Deferral Plan described above in "Non-Qualified Deferred Compensation" and above under "Compensation Discussion and Analysis." As described above in "Non-Qualified Deferred Compensation," such amounts are compensation previously earned by Mr. Kaplan of which he chose to defer payment plus the credited gains and losses on such amounts based on the performance of his investment elections under the 2005 Deferral Plan. Under the 2005 Deferral Plan, (a) if Mr. Kaplan separates from service (as defined under applicable Treasury Department regulations), his deferred compensation (i.e., contributions and earnings of \$1,647,503) under the 2005 Deferral Plan is payable as specified by Mr. Kaplan in a deferral election form previously completed by him, which may provide for a lump sum payment or annual installments over no more than ten years; and (b) if the Company undergoes a change in control, such deferred compensation is payable in a lump sum.

As described in Footnote 6, the Named Officer’s stock option granted February 11, 2003, will vest upon a change in control.
- (3) The amounts reflected in this row do not include amounts reflected in the rows for “Cash award under 2007 Bonus Plan” or “Accelerated deferred compensation.”
- (4) Represents the amount the Company is obligated to pay the Named Officer under the 2007 Management Bonus Plan based on individual and performance goals attained during 2007, as further described above under “Compensation Discussion and Analysis.” If his employment was terminated by reason of his death, disability or retirement during 2007, the Company would have paid a pro-rated portion of the amount otherwise due to him for 2007 (i.e., for purposes of this Table, 100% of the bonus, based on his employment for all of 2007), payable at the time the performance bonuses for 2007 are normally paid. In the event his employment was terminated prior to the end of the plan year for reasons other than voluntary resignation, for cause, death, disability or retirement, a pro-rated bonus award could have been paid in the sole discretion of the Company.

For purposes of this Table, it is assumed no such discretionary amount would have been paid, except as provided in his Employment Agreement.

- (5) Represents the amount of deferred compensation under the Deferral Plans that would become immediately payable. As described above in “Non-Qualified Deferred Compensation,” such amounts are compensation previously earned by the Named Officer of which he chose to defer payment plus the credited gains and losses on such amounts based on the performance of his investment elections under the Deferral Plans. Under the 2002 Deferral Plan, (a) if the Named Officer dies, his deferred compensation under the 2002 Deferral Plan (i.e., contributions and earnings of \$155,674) is immediately payable in a lump sum, and (b) if the Named Officer becomes totally and permanently disabled or if his employment terminates for any reason other than death or such disability, his deferred compensation under the 2002 Deferral Plan is immediately payable in a lump sum, or if it was requested at the time of deferral, in annual installments. Under the 2005 Deferral Plan, (a) if the Named Officer separates from service (as defined under applicable Treasury Department regulations) after reaching age 65, his deferred compensation (i.e., contributions and earnings of \$99,910) under the 2005 Deferral Plan is payable as specified by the Named Officer in a deferral election form previously completed by him, which may provide for a lump sum payment or annual installments over no more than ten years; (b) if the Named Officer dies, becomes disabled or otherwise has a separation from service before age 65, such deferred compensation is payable in a lump sum; and (c) if the Company undergoes a change in control, such deferred compensation is payable in a lump sum.
- (6) Represents the value of unvested options to purchase 3,940 shares of the Company’s Common Stock for an exercise price of \$25.23, granted February 11, 2003, that would become fully vested upon a termination due to death, disability or change in control (as defined in the Glossary with respect to the 2003 Stock Option Agreements). The value of the accelerated options is calculated on a per share basis as the excess of the closing price of the Company’s Common Stock listed on The NASDAQ Stock Market on December 31, 2007 (\$34.70 per share), over the per share exercise price of such options. In the case of a change in control, the Named Officer may elect to surrender the unvested option for cash in an amount per share underlying the option that equals the amount by which the option’s per-share exercise price is exceeded by the higher of (a) the highest per-share sales price reported on NASDAQ during the 60-day period prior to and including the date of the change in control or (b) the highest per-share price paid in connection with the change in control if the result of a tender or exchange offer, merger, consolidation, liquidation or sale of all or substantially all of the assets of the Company. For purposes of this Table, it is assumed that such price is equal to the closing price of the Company’s Common Stock listed on The NASDAQ Stock Market on December 31, 2007.
- (7) Represents the cost of healthcare coverage for one year for the Named Executive and his eligible dependants (medical: \$5,613; dental: \$627).
- (8) Represents the maximum amount the Company is obligated to pay for professional outplacement services under the Named Officer’s employment agreement.

- (3) The amounts reflected in this row do not include amounts reflected in the row for "Cash award under 2007 Bonus Plan."
- (4) Represents the amount the Company is obligated to pay the Named Officer under the 2007 Management Bonus Plan based on individual and performance goals attained during 2007, as further described above under "Compensation Discussion and Analysis." If his employment was terminated by reason of his death, disability or retirement during 2007, the Company would have paid a pro-rated portion of the amount otherwise due to him for 2007 (i.e., for purposes of this Table, 100% of the bonus, based on his employment for all of 2007), payable at the time the performance bonuses for 2007 are normally paid. In the event his employment was terminated prior to the end of the plan year for reasons other than voluntary resignation, for cause, death, disability or retirement, a pro-rated bonus award could have been paid in the sole discretion of the Company. For purposes of this Table, it is assumed no such discretionary amount would have been paid, except as provided in his Employment Agreement.

- (5) Represents the value of unvested options to purchase 5,626 shares of the Company's Common Stock for an exercise price of \$25.23, granted February 11, 2003, that would become fully vested upon a termination due to death, disability or change in control (as defined in the Glossary with respect to the 2003 Stock Option Agreements). The value of the accelerated options is calculated on a per share basis as the excess of the closing price of the Company's Common Stock listed on The NASDAQ Stock Market on December 31, 2007 (\$34.70 per share), over the per share exercise price of such options. In the case of a change in control, the Named Officer may elect to surrender the unvested option for cash in an amount per share underlying the option that equals the amount by which the option's per-share exercise price is exceeded by the higher of (a) the highest per-share sales price reported on NASDAQ during the 60-day period prior to and including the date of the change in control or (b) the highest per-share price paid in connection with the change in control if it is the result of a tender or exchange offer, merger, consolidation, liquidation or sale of all or substantially all of the assets of the Company. For purposes of this Table, it is assumed that such price is equal to the closing price of the Company's Common Stock listed on The NASDAQ Stock Market on December 31, 2007.
- (6) Represents the cost of healthcare coverage for one year for the Named Executive and his eligible dependants (medical: \$10,709; dental: \$1,067).
- (7) Represents the maximum amount the Company is obligated to pay for professional outplacement services under the Named Officer's employment agreement.

Only independent directors served on the Compensation Committee during 2007. Dr. Potter is the Chair of the Compensation Committee, and Mr. Knowles is a member. Neither has ever been an officer of the Company.

### **CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

In May 1989, the Company entered into a lease agreement for its Vernon Hills, Illinois, facility and certain machinery, equipment, furniture and fixtures with Unique Building Corporation ("Unique"), a corporation owned by Messrs. Kaplan and Cless. The lease was subsequently amended to cover expansions of the facility and add real estate. The portion of the lease agreement under which the Company leased machinery, equipment, furniture, and fixtures expired in 2003. In August 2007, Unique sold the real estate to a third party not related to Zebra or Messrs. Kaplan or Cless, and the purchaser assumed the lease from Unique. The lease is treated as an operating lease and has a term ending on June 30, 2014.

Base monthly rental payments were \$194,702 during 2007, and continued at such rate through March 31, 2008, They increased to \$199,486 on April 1, 2008 and will remain at that rate through June 30, 2009; and will increase to \$229,409 from July 1, 2009 through June 30, 2014. Lease payments to Unique totaled \$1,557,616 for 2007. Messrs. Cless and Kaplan, as 50% owners of Unique, each had an interest in \$778,808 of the lease payments.

The lease agreement includes a modification to the base monthly rental, which goes into effect if the prescribed rent payment is less than the aggregate principal and interest payments required to be made by Unique under certain industrial revenue bonds. The industrial revenue bonds are supported by a Letter of Credit issued by American National Bank. The Company guaranteed \$700,000 of Unique's obligation to such bank under its agreement relating to the Letter of Credit.

The Company has historically invested in partnerships managed by Mesirow Advanced Strategies, Inc. ("MAS"), the hedge fund of funds division of Mesirow Financial Holdings, Inc., which has approximately \$12.5 billion under management. Martin B. Kaplan, the chief executive officer of MAS, is the son of the Company's co-founder, Chairman and Chief Executive Officer, Edward L. Kaplan. Martin B. Kaplan receives no direct compensation based on the Company's investment through MAS. The investment arrangement was ratified by the Company's Board of Directors in February 2007 pursuant to the Company's policies and procedures regarding Related Party Transactions described below under "Related Party Transactions Policies and Procedures."

As of December 31, 2007, the balance of the MAS-managed investments was approximately \$10.9 million. The Company has decided to divest these investments and is in the process of doing so. Since making the divestment decision, the Company has divested the great majority of the investment and the value of the investment was less than \$600,000 as of the date of this Proxy Statement. It expects to have divested all MAS-managed investments by the end of June 2008.

## **Related Party Transactions Policies and Procedures**

The Company has adopted written policies and procedures to identify, review and approve (or deny approval of) “Related Party Transactions.” A “Related Party Transaction” is a transaction, arrangement or relationship or any series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) (i) in which the Company (including any of its subsidiaries) was, is or will be a participant, (ii) in which any “Related Person” had, has or will have a direct or indirect interest, and (iii) that meets applicable de minimis thresholds. Related Party Transactions do not include the following:

1. most transactions involving approved compensation of executive officers of the Company;
2. transactions involving compensation of directors for service on the Board of Directors or committees thereof;
3. transactions available to all employees of the Company generally or to all salaried employees of the Company generally; or
4. transactions in which the interest of the Related Person arises solely from the ownership of a class of the Company’s equity securities and all holders of that class receive the same benefit on a pro rata basis.

For purposes of Related Party Transactions, a “Related Person” includes:

1. any director or executive officer of the Company or nominee to become a director of the Company;
2. any person known to be the beneficial owner of more than 5% of any class of the Company’s voting securities;
3. any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the director, executive officer, nominee or more than 5% beneficial owner, and any person (other than a tenant or employee) sharing the household of such foregoing person; and
4. any firm, corporation or entity in which any of the foregoing persons is a general partner or principal or in a similar position, or in which such person, together with all other Related Persons, have in the aggregate a 10% or greater beneficial ownership interest.

Related Party Transactions in the following categories are treated as pre-approved:

1. any transaction with another company in which a Related Person’s only relationship is as an employee (other than as an executive officer), director or beneficial owner of less than 5% of that company’s shares (i) if the aggregate amount involved does not exceed the greater of \$1,000,000, or 2 percent of that company’s total annual revenues; (ii) the Related Person has no direct or indirect involvement in the Related Party Transaction; and (iii) the Related Person is not compensated for the transaction with the Company or its subsidiary; and
2. Any charitable contribution, grant or endowment by the Company to a charitable organization, foundation or university at which a Related Person’s only relationship is as an employee (other than as an executive officer) or a director, if the aggregate amount involved does not exceed the lesser of \$100,000, or 2 percent of the charitable organization’s total annual receipts.

The Company’s General Counsel and the Audit Committee (the “Committee”) administer the Company’s policies and procedures regarding Related Party Transactions. The Company’s General Counsel assesses whether proposed transactions are Related Party Transactions. If the General Counsel determines that a proposed transaction is a Related Party Transaction, then the appropriate party or parties further described below review the proposed transaction and either approve it or deny approval of it. In reviewing the proposed Related Party Transaction and making such determination, all of the relevant facts and circumstances available shall be considered, including (if applicable) but not limited to: the benefits to the Company; the impact on a director’s independence (if the Related Person is a director, an immediate family member of a director or an entity in which a director is a partner, shareholder or executive officer); the availability of other sources for comparable products or services; the Related Person’s interest in the transaction; the terms of the transaction; and the terms available to unrelated third parties or to employees generally.

Depending on the dollar amount involved in a proposed Related Party Transaction, the review and determination of whether to approve or deny approval of the proposed Related Party Transaction is made by different parties.

If a proposed Related Party Transaction involves less than \$100,000, the General Counsel and the Chairman of the Committee (the "Chair") and such other executive officers that either of them may deem appropriate, or the full Committee at the option of the Chair, shall determine whether to approve or deny approval of the proposed Related Party Transaction.

If a proposed Related Party Transaction involves \$100,000 or more, the proposed Related Party Transaction is submitted to the Committee for consideration at the next Committee meeting or, to the Chair in those instances in which the General Counsel, in consultation with the Chief Executive Officer or the Chief Financial Officer, determines that it is not practicable or desirable for the Company to wait until the next Committee meeting.

If the General Counsel becomes aware of a Related Party Transaction that was not previously approved or previously ratified under the Company's policies and procedures, the Related Party Transaction shall be submitted to the Committee or the Chair. If the Related Party Transaction is still ongoing, the Committee or Chair must evaluate all options, including ratification, amendment or termination of the Related Party Transaction. If the Related Party transaction is completed, the Committee or Chair shall evaluate the Related Party Transaction to determine if rescission of the Related Party Transaction and/or any disciplinary action is appropriate, and shall request the Chief Compliance Officer to evaluate the Company's controls and procedures to ascertain the reason that the Related Party Transaction was not submitted for prior approval.

The Audit Committee appointed Ernst & Young LLP, independent certified public accountants, as auditors of the Company's financial statements for the year ending December 31, 2008.

The Company will also request banks, brokers, fiduciaries, custodians, nominees and certain other record holders to send proxies, Proxy Statements and other materials to their principals at the Company's expense. The Company will reimburse such banks, brokers, fiduciaries, custodians, nominees and other record holders for their reasonable out-of-pocket expenses of solicitation. The Company's By-Laws provide that stockholders desiring to bring business before the 2009 Annual Meeting, including nomination of a person for election to the Company's Board of Directors, must provide written notice to the Company's Secretary at the Company's executive offices no earlier than seventy-five days before, and no later than forty-five days before, the one year anniversary of the mailing of this Proxy Statement. The written notice must include the information required by Section 2.4 of the By-Laws.

**Under the Form Employment Agreement.**

As determined by the Board in its sole discretion, the Named Officer shall be deemed terminated for “Cause” if the Board terminates the Named Officer after the Named Officer:

- (1) shall have committed, been indicted of, or been convicted of, or admitted, plea bargained, entered a plea of no contest or nolo contendere to, any felony of any kind or a misdemeanor, or violated any laws, involving fraud, dishonesty or an act of moral turpitude;
- (2) shall have materially breached the Form Employment Agreement or any other agreement to which the Named Officer and the Company are parties;
- (3) shall have materially violated any written Company policy, regardless of whether within or outside the scope of his authority;
- (4) shall have committed willful or intentional misconduct, gross negligence, or dishonest, fraudulent or unethical behavior, or other conduct involving serious moral turpitude in the performance of his duties hereunder;
- (5) shall have failed or refused to materially comply (to the best of his ability) with a specific direction of the Company, unless the Named Officer reasonably and in good faith believes such specific direction to be unlawful (in which case the Company’s termination of the Named Officer’s employment shall not be for Cause under this provision); or
- (6) engages in any conduct which breaches his fiduciary duty to the Company, which materially injures the integrity, character or reputation of the Company or which impugns Named Officer's own integrity, character or reputation so as to cause Named Officer to be unfit to act in the capacity of an executive officer of the Company.

A termination of employment by the Company for Cause under subparagraphs (2), (3), (4), (5) or (6) shall be effectuated by the Board giving the Named Officer written notice of the termination within 30 days of the event constituting Cause, or such longer period as the parties may agree, setting forth in reasonable detail the specific conduct of the Named Officer that constitutes Cause, the specific provisions of the Form Employment Agreement on which the Company relies and, to the extent such Cause is susceptible to cure, providing the Named Officer with a 30 day cure period. If such Cause is susceptible to cure and the Named Officer fails to remedy the condition within such 30 day cure period, the Company may terminate the Named Officer's employment within 30 days after the expiration of the cure period, and if the Company fails to so terminate the Named Officer's employment, any subsequent termination based upon the same underlying facts shall not constitute a termination for Cause.

"Change in Control" has the meaning given to it under the 2006 Zebra Technologies Corporation Incentive Compensation Plan; *provided, however*, a "Change in Control" under the Form Employment Agreement is not intended to be broader than the definition of a "Change in Control event" as defined by reference to the regulations under Section 409A of the Internal Revenue Code, and the severance payments payable under the Form Employment Agreement in the event of a Change in Control shall not be payable unless the applicable Change in Control constitutes a Change in Control event in accordance with Section 409A of the Internal Revenue Code and the regulations and guidance promulgated thereunder.

"Disability" means the Named Officer, as a result of illness or incapacity, shall be unable to perform substantially his required duties for a period of 180 consecutive days; *provided, however*, that if the Named Officer, after being unable to perform substantially his required duties for a period of less than 180 consecutive days as a result of illness or incapacity returns to active duty for less than 30 days, the period of such active duty will be disregarded in determining whether the 180 consecutive day threshold has been accumulated (although it will not be accumulated as part of the 180 day period).

"Good Reason" means the occurrence of any one of the following:

- (1) demotion of the Named Officer by the Company to a non-executive officer position (including a material diminution in the status of the Named Officer's responsibilities, authorities, powers or duties taken as a whole) or assignment to the Named Officer of any duties materially inconsistent with his position, status or responsibilities under this Agreement;
- (2) material breach of any provision of the Form Employment Agreement by the Company; or
- (3) decrease in the Named Officer's base salary as in effect on the date of the Named Officer's Form Employment Agreement in an amount equal to or greater than 10% (unless such decrease is applied on a proportionally equal basis to all executive officers of the Company) (an "Applicable Decrease"), but only if the Named Officer terminates his employment with the Company as a result of an Applicable Decrease within 15 business days of the later of (i) the effective date of the Applicable Decrease, or (ii) the Named Officer's actual knowledge of Applicable Decrease ("Applicable Decrease Date"). For clarification purposes, should the Named Officer fail to terminate his employment with the Company within 15 business days of the Applicable Decrease Date, such termination shall not constitute termination of employment by the Named Officer for Good Reason under this provision.

A termination of employment by the Named Officer for Good Reason under subparagraph (1) or (2) shall be effectuated by giving the Company written notice of the termination within 30 days of the event constituting Good Reason, setting forth in reasonable detail the specific conduct of the Company that constitutes Good Reason and the specific provisions of the Form Employment Agreement on which Named Officer relies and providing the Company with a 30 day period during which it may remedy the condition constituting Good Reason. If the Company fails to remedy the condition within such 30 day period, the Named Officer must terminate his employment within 30 days after the expiration of the cure period, and if the Named Officer fails to so terminate his employment, any subsequent termination based upon the same underlying facts shall not constitute a termination for Good Reason.

### **Under the Gustafsson Employment Agreement.**

As determined by the Board in its sole discretion, Mr. Gustafsson shall be deemed terminated for “Cause” if the Board terminates him after he:

- (1) shall have committed, been indicted of, or been convicted of, or admitted, plea bargained, entered a plea of no contest or nolo contendere to, any felony of any kind or a misdemeanor, or violated any laws, involving fraud, dishonesty or an act of moral turpitude;
- (2) shall have materially breached the Gustafsson Employment Agreement or certain other agreements between Mr. Gustafsson and the Company;
- (3) shall have materially violated any written Company policy, regardless of whether within or outside the scope of his authority;
- (4) shall have committed willful or intentional misconduct, gross negligence, or dishonest, fraudulent or unethical behavior, or other conduct involving serious moral turpitude in the performance of his duties hereunder;
- (5) shall have failed or refused to materially comply (to the best of his ability) with a specific direction of the Board, unless Mr. Gustafsson reasonably and in good faith believes such specific direction to be unlawful (in which case the Company’s termination of Mr. Gustafsson’s employment shall not be for Cause under this provision); or
- (6) engages in any conduct which breaches his fiduciary duty to the Company, which materially injures the integrity, character or reputation of the Company or which impugns Mr. Gustafsson's own integrity, character or reputation so as to cause Mr. Gustafsson to be unfit to act in the capacity of CEO of the Company.

A termination of employment by the Company for Cause under subparagraphs (2), (3), (4), (5) or (6) shall be effectuated by the Board giving Mr. Gustafsson written notice of the termination within 30 days of the event constituting Cause, or such longer period as the parties may agree, setting forth in reasonable detail the specific conduct of Mr. Gustafsson that constitutes Cause, the specific provisions of the Gustafsson Employment Agreement on which the Company relies and, to the extent such Cause is susceptible to cure, providing Mr. Gustafsson with a 30 day cure period. If such Cause is susceptible to cure and Mr. Gustafsson fails to remedy the condition within such 30 day cure period, the Company may terminate Mr. Gustafsson’s employment within 30 days after the expiration of the cure period, and if the Company fails to so terminate Mr. Gustafsson’s employment, any subsequent termination based upon the identical underlying facts and circumstances shall not constitute a termination for Cause.

“Change in control” has the meaning given to it under the 2006 Zebra Technologies Corporation Incentive Compensation Plan; *provided, however*, a “Change in control” under the Gustafsson Employment Agreement is not intended to be broader than the definition of a “Change in control event” as defined by reference to the regulations under Section 409A of the Internal Revenue Code, and the severance payments payable under the Gustafsson Employment Agreement in the event of a change in control shall not be payable unless the applicable change in control constitutes a change in control event in accordance with Section 409A of the Internal Revenue Code and the regulations and guidance promulgated thereunder.

“Disability” means Mr. Gustafsson, as a result of illness or incapacity, shall be unable to perform substantially his required duties for a period of one hundred eighty (180) consecutive days; *provided, however*, that if Mr. Gustafsson, after being unable to perform substantially his required duties for a period of less than 180 consecutive days as a result of illness or incapacity returns to active duty for less than 30 days, the period of such active duty will be disregarded in determining whether the 180 consecutive day threshold has been accumulated (although it will not be accumulated as part of the 180 day period).

“Good Reason” means the occurrence of any one of the following:

- (1) demotion of Mr. Gustafsson by the Company to a lesser position (including a material diminution in the status of Mr. Gustafsson’s responsibilities, authorities, powers or duties taken as a whole) or assignment to Mr. Gustafsson of any duties materially inconsistent with his position, status or responsibilities under the Gustafsson Employment Agreement;
- (2) material breach of any provision of the Gustafsson Employment Agreement by the Company; or
- (3) decrease in Mr. Gustafsson’s base salary as in effect on the date of Mr. Gustafsson’s Employment Agreement (unless such decrease is applied on a proportionally equal basis to all executive officers of the Company) (an “Applicable Decrease”), but only if Mr. Gustafsson terminates his employment with the Company as a result of an Applicable Decrease within fifteen (15) business days of the later of (i) the effective date of the Applicable Decrease, or (ii) Mr. Gustafsson’s actual knowledge of Applicable Decrease (“Applicable Decrease Date”). For clarification purposes, should Mr. Gustafsson fail to terminate his employment with the Company within fifteen (15) business days of the Applicable Decrease Date, such termination shall not constitute termination of employment by Mr. Gustafsson for Good Reason under this provision.

A termination of employment by Mr. Gustafsson for Good Reason under subparagraph (1) or (2) shall be effectuated by giving the Company written notice of the termination within 30 days of the event constituting Good Reason, setting forth in reasonable detail the specific conduct of the Company that constitutes Good Reason and the specific provisions of the Gustafsson Employment Agreement on which Mr. Gustafsson relies and providing the Company with a 30 day period during which it may remedy the condition constituting Good Reason. If the Company fails to remedy the condition within such 30 day period, Mr. Gustafsson must terminate his employment within 30 days after the expiration of the cure period, and if Mr. Gustafsson fails to so terminate his employment, any subsequent termination based upon the same underlying facts shall not constitute a termination for Good Reason.
